PERMITS AND CONTRACTOR REQUIREMENTS

PERMITS ARE REQUIRED FOR ANY AND ALL REPAIRS TO FLOOD DAMAGED HOMES IN VIDOR. THERE WILL BE NO CHARGE FOR THE PERMITS. HOMEOWNERS CAN PULL PERMITS IF DOING THE REPAIRS THEMSELVES. IF THEY ARE HIRING A CONTRACTOR, THEIR CONTRACTOR MUST OBTAIN THE PERMIT.

Criteria for Pulling Permits:

FLOOD ZONES B & C – A permit can be issued as soon as you have treated for mold and the moisture content on your home has been checked by a professional (with certificate given to homeowner) or by City Inspectors at no charge to the homeowner.

FLOOD ZONE A – After assessments are complete, we can issue permits if you have an elevation certificate which shows the top of your slab is at Base Flood Elevation or above, or a bid from a contractor which shows that your house can be repaired for less than 50% of the value of your home (not including land value) as shown on Orange County Appraisal District. You will also need to treat for mold and provide a certificate that shows the moisture content on your home. This can be done by a professional (with certificate given to homeowner) or by City Inspectors at no charge to the homeowner.

Contractor requirements:

BUILDING CONTRACTORS

Provide copy of their General Liability Certificate of Insurance which shows the City of Vidor as the Certificate Holder, or a Contractor Bond for \$10,000 made out to the City of Vidor and good for one year. Make sure the bond is made out to match whatever name you are doing business as. Also provide driver's license.

PLUMBING, ELECTRICAL AND HVAC CONTRACTORS

Provide copy of your state license and your driver's license. Also provide copy of their General Liability Certificate of Insurance which shows the City of Vidor as the Certificate Holder.
